

Where will you place your crossing? Can you explain why this would be the best place?

Blank rounded rectangular area for writing an answer to the question above.

New River Tees Crossing Task sheet

Use this sheet to organise your ideas before deciding on your final design. The real process to come up with a new crossing has taken many years.

Key points to consider

- Where will have the most impact
- What type of crossing
- Environmental issues
- How does it meet multiple needs

Crossing design diagram with labels!

Large blank rounded rectangular area for drawing a crossing design diagram with labels.
