

Example assembly planner to include weekly engagement with the world of work based on 6 weekly blocks per half term. A blank version can also be downloaded for schools to make their own plans on.

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Intelect	Venator	JDR	Resolution	Visualsoft	Historic England
GW - Eleanor	GW Claire	GW Megan	GW Harry	GW Sarah	NHC
PD Ports	CPI	Durata	Endeavour	J&B	Willmott Dixon
Logic	Wilton	Sock Monkey	AbacusBean	Double 11	GW Helen
GW Connor	GW Kirbie	GW Tom	GW Jo	Tees Components	Nest Interiors
Jackson's Law	The Globe Theatre	SUEZ	AV Dawson	GW Michael	ThroughFilm

The plan creates a cycle mixing a Guess Who (GW) with some company introduction videos. They can be found by either a search or using the interactive business map (Guess Who's have their own page on the website).

The businesses have been mixed up on purpose to create a wide spread of different sectors across the year. Spark's experience suggests that repeated exposure to a resource is no bad thing year on year and by the start of 2024 academic year we will easily have enough companies to cover a two year rolling programme which could cover KS2 at the least.

Ideally the companies could also be used when teaching curriculum objectives related to them. Use the National Curriculum link tool on the website to embed companies when appropriate as well as the roles that people do.
